

Wednesday, March 5, 2014

Historical Lecture Hall, Oskar-und-Cécile-Vogt-Haus (building 55)

MDC Berlin-Buch, Robert-Rössle-Str. 10, 13125 Berlin

EXCHANGE SYMPOSIUM

Connecting with scientists of the Wissenschaftskolleg zu Berlin

13:00 - 13:30	Nikolaus Rajewsky, MDC	Introduction and talk: Regulatory RNAs
13:30 - 13:55	Kasia Maria Bieszczad, WIKO	Epigenetic mechanisms regulate the specificity of learning and memory formation
13:55 - 14:20	Andrew Higginson, WIKO	Effects of predation risk on growth and development
14:20 - 14:40	coffee break	
14:40 - 15:05	Markus Landthaler, MDC	Exploring the <i>cis</i> -regulatory mRNA sequence space
15:05 - 15:30	Mícheál de Barra, WIKO	The cultural evolution of ineffective medicine
15:30 - 15:55	Hari Sridhar, WIKO	Deconstructing the mixed-species bird flock
15:55 - 16:15	coffee break	
16:15 - 16:40	Robert Zinzen, MDC	Regulatory networks driving tissue differentiation <i>in vivo</i> - a systems approach
16:40 - 17:05	Natasha Mhatre, WIKO	Active auditory amplification: how sensing and moving are related
