☐ I would like to give a talk

* required field

MDC-FMP PhD Symposium 2014

Max Delbrück Center for Molecular Medicine, MDC.C, May 26-27

Workshops of Science & Society Event

Workshops take place on Tuesday, May 27 from 13.30-16.00

Which workshop would you like to participate in?

Speak your Science: How do I create a concise scientific message for the public? Instructor: Malcolm Love

Science communication outside the box: Why should I engage with the public and what communication formats are out there? Instructor: Thorsten Witt

In the whirl of policy making: How does science policy advising work and what is the role of scientists in it? Instructor: Prof. Dr. Hans-Jörg Jacobsen

If you work with Mac and have problems sending your form directly, save the form first, then send it with your e-mail program as an attachment to Claudia.Fink@mdc-berlin.de
